Dear Patients

I recently started reading a new book by the great American author Philip Roth in which he continues the 30 year old saga of his most famous character Nathan Zuckerman. Nathan is now an elderly man infatuated with a young woman, and Nathan jealously describes a much younger man who is his adversary for her affection as "...armed to the teeth with years." I thought of the powerful imagery of this phrase, and of how we in fact do associate a sense of youth and vigour with strong teeth. Teeth are the physical part of our bodies we most obviously associate with our ability to take large satisfying bites into the great wonderful life around us. While in our Practice we clearly do not pretend to be able to bestow our patients with eternal youth, we do try hard to ensure that, to paraphrase Philip Roth's line, our patients are "...armed with healthy teeth through the years." This is how we see our role in the great battle.

On a less lofty note, we have just celebrated a major milestone in our Practice - our first year at our new 77 Bloor Street location. We feel very comfortable in our new home and greatly enjoy watching the scenic sunsets through our windows facing west and the busy Bloor Street traffic at our northerly corner. We really appreciate the positive feedback we have received from so many of you, and we hope that the pleasant office environment makes your visits to us a little less edgy and a lot more enjoyable.

Please remember that the end of the year is fast approaching and many of you have dental insurance coverage with benefits expiring by December 31st. If you have restorative or hygiene work that needs to be completed, or would like to treat yourself to an improved smile for end of year celebrations, book an appointment now to best maximize your plan so that we can make this happen.

We look forward to seeing you soon and greatly appreciate your referral of friends and loved ones as new patients to our Practice.

Warmly,

Judy Sturm D.D.S
